

7.2 Quality Enhancement Plan

The institution has a QEP that (a) has a topic identified through its ongoing, comprehensive planning and evaluation processes; (b) has broad-based support of institutional constituencies; (c) focuses on improving specific student learning outcomes and/or student success; (d) commits resources to initiate, implement, and complete the QEP; and (e) includes a plan to assess achievement..

Compliance Judgment: not evaluated

Rationale

The University of South Carolina Aiken will be submitting, as a separate document, a Quality Enhancement Plan focused on a shift from a transactional academic advisement approach to a holistic, student-centered model. The shift will occur through the development of a First Year Advisement Center staffed by full-time professional advisors proactively handling advisement for all freshman students. The plan includes the five criteria specified in this standard.
