Undergraduate Success and Progress Rate

A 79% four-year success and progress rate means that 79% of students starting in Fall 2001 either graduated or are still enrolled at a higher education institution four years later.

Counts for the Fall 2001 entering class shown in the graph above.

• 438 First-Time, Full-Time Students

• 197 Full-Time Transfer Students

Retention of Fall 2006 First-Time, Full-time Students

One of the strengths of U.S. higher education is the broad range of diverse institutions, each with its own distinctive mission. We encourage you to check out college web sites and visit campuses to get a more complete picture of the opportunities available to you!
The cost to attend varies based on the individual circumstances of students and may be reduced through grants and scholarships.

Financial Aid Awarded to Undergraduates (2006-2007)
---
Overall Financial Aid
• 53% of 2006-2007 full-time undergraduates received financial aid of some type including need-based loans, work study, and non need-based scholarships.

Annual Need-Based Scholarships & Grants
• 14% of 2006-2007 full-time undergraduates received need-based grants or scholarships; the average award for the year was $1,375.

Annual Need-Based Loans
• 14% of 2006-2007 full-time undergraduates received need-based work-study and/or loans (not including parent loans); the average loan for the year was $8,150.

Percent of Fall 2006 First-Time Students Receiving Each Type of Financial Aid

---
NOTE: Student may receive aid from more than one source.
The Aiken Pacers Community

USC Aiken's small and active campus environment gives students numerous opportunities to be involved in campus life. Student involvement offerings include community service, Greek life, intramural sports, leadership development programs, and more than 60 clubs and organizations - truly something for everyone. There's room for almost 1,000 students to live on campus and enjoy the traditional college experience. Our student-athletes, the Pacers, compete in NCAA Division II sports as part of the competitive Peach Belt Conference in baseball, men's and women's basketball, cross country, golf, men's and women's soccer, softball, men's and women's tennis, and volleyball. All students are invited to catch Pacer spirit by attending games and matches for free. Through campus programming, a wide range of activities from comedians to cultural events are planned for students, by students, based on their interests.

### Carnegie Classification of Institutional Characteristics

- **Basic Type**: Baccalaureate Colleges--Diverse Fields
- **Size and Setting**: Small four-year, primarily nonresidential
- **Enrollment Profile**: Very high undergraduate
- **Undergraduate Profile**: Medium full-time four-year, selective, higher transfer-in
- **Undergraduate Instructional Program**: Arts & sciences plus professions, some graduate coexistence
- **Graduate Instructional Program**: Postbaccalaureate with arts & sciences (other dominant fields)

---

### Campus Safety

USC Aiken delivers campus safety through the University's Police Department, a professional law enforcement organization with officers who are state-certified and protect the campus 365/24/7. Officers are trained to provide emergency response to crimes in progress and all are certified medical first responders. They also provide escort services, parking lot assistance (unlock cars and jump starts), and crime prevention programs at no cost. Examples of these programs include alcohol and drug education, sexual assault awareness, and personal security.

Student Experiences and Perceptions

Students who are actively involved in their own learning and development are more likely to be successful in college. Colleges and universities offer students a wide variety of opportunities both inside and outside the classroom to become engaged with new ideas, people, and experiences. Institutions measure the effectiveness of these opportunities in a variety of ways to better understand what types of activities and programs students find the most helpful.

CLICK HERE for examples of how USCA evaluates the experiences of its students.

In addition, institutions participating in the VSA program measure student involvement on campus using one of four national surveys. Results from the one survey are reported for a common set of questions selected as part of VSA. Following are the selected results from the 2005-06 National Survey of Student Engagement (NSSE). The questions have been grouped together in categories that are known to contribute to student learning and development. The results reported below are based on the responses of seniors who participated in the survey.

CLICK HERE for information on survey administration, the survey sample, and the response rate.

Student Learning Outcomes

All colleges and universities use multiple approaches to measure student learning. Many of these are specific to particular disciplines, many are coordinated with accrediting agencies, and many are based on outcomes after students have graduated. In addition, those institutions participating in the VSA measure increases in critical thinking, analytic reasoning, and written communication using one of three tests.

Student Learning Assessment at USCA

Assessment at USCA is the ongoing process of self-improvement by analyzing and evaluating academic programs as well as university services through a variety of methods and measurements. Each academic and administrative unit implements an ongoing assessment program that clearly articulates goals and objectives, measures these outcomes on a regular basis at several points in the program and in multiple ways, analyzes the findings, and uses the results for improvements and adjustments in both services and curriculum.

CLICK HERE for examples of student learning assessment and outcomes at USCA

Pilot Project to Measure Core Learning Outcomes

Results from the pilot project using one of the three learning outcomes tests are not yet available.
