General Instructions

After indicating your institution's name and location above, please complete the Commission's 2002 *Institutional Profile for Financial Information (Public Institutions - Form A)* (Financial Profile) using data submitted as part of your *Integrated Postsecondary Education Data System Finance Form 2001* (IPEDS) - the Web Data Collector that includes Student Financial Aid, Finances, and Graduation Rates. (The completed electronic form was due to the Federal government May 8, 2002.) Use this form if your institution has NOT transferred to the new GASB accounting and reporting procedures and continues to use the fund accounting reporting. It is extremely important that you follow the Commission's directions when transferring the data from the IPEDS form to the Commission's form. Financial information should include all campus operations, branch campuses, and off-campus programs and should use financial data from end of fiscal year 2001. All institutions participating in any Federal financial assistance programs authorized by Title IV of the amended *Higher Education Act of 1965* are required by the U.S. Department of Education to complete the IPEDS survey in a "timely and accurate manner."

Before completing the 2002 Financial Profile, please

- carefully read all directions
- make a copy of this form
- assign completion of the form to your institution's finance officer

Before returning the completed 2002 Financial Profile, please

- review page 4 of this document to ensure that checklists are complete
- return this completed form with a hard copy of the institution's electronically completed 2001 IPEDS Finance Survey submitted May 8, 2002, to the Federal government. DO NOT SUBMIT ELECTRONICALLY. Thank you for your prompt attention.
