### Strategic Assessment Plan
#### Goal 2: Research, Scholarship, & Creative Achievement

<table>
<thead>
<tr>
<th>Area</th>
<th>Measure(s)</th>
<th>Comparison Group</th>
</tr>
</thead>
</table>
| **Outcome Measures** | • Number of publications  
• Number of creative endeavors undertaken by faculty & staff  
• Number of professional presentations by faculty and staff  
• Percent of graduates who worked on a research project outside of course or program requirements  
• Number of student research presentations  
• Number of Magellan Scholars | • Self over time  
• Self over time  
• Self over time  
• National Peer group  
• Self over time  
• Self over time |
| **Process Measures** | • Number of grant submissions  
• Total amount of grant funds requested  
• Number of proposals reviewed internally  
• Number of research training programs/workshops | • Self over time  
• Self over time  
• Self over time  
• Self over time |
| **Resource Measures** | • Research Expenditures  
• Library holdings  
• Number of endowed chairs and professorships | • National Peer group  
• Self over time  
• Self over time |
| **Input Measures** | • Number of external grants  
• Total Amount of extramural funding  
• Amount of extramural funding for research and training | • Self over time  
• Self over time  
• Self over time |
| **Composite Measures** | • Research Expenditures per FTE student  
• Ratio of extramural funding received to total requested  
• Ratio of number of external grants to number submitted | • National Peer group  
• Self over time  
• Self over time |

### Strategic Assessment Plan
#### Goal 3: Service Excellence

<table>
<thead>
<tr>
<th>Area</th>
<th>Measure(s)</th>
<th>Comparison Group</th>
</tr>
</thead>
</table>
| **Outcome Measures** | • Percent of graduates who participated in community service or volunteer work  
• Number of graduates who take 4 months or more to find employment following graduation  
• Percent of graduates with a job highly related to their major following graduation  
• Estimated median salaries for graduates | • Self over time  
• SC Peers & State unemployment rate  
• SC peers  
• National rates |
| **Process Measures** | • Number of courses that include objectives pertaining to environmental awareness  
• Number of ICE events related to environmental impact awareness  
• Graduate ratings of the extent to which the institution emphasizes acquiring job or work-related knowledge and skills  
• Graduate ratings of the extent to which their experience at USCA contributed to their knowledge, skills, and personal development in contributing to the welfare of their community | • Self over time  
• Self over time  
• National Peer group  
• National Peer group |
| **Resource Measures** | • Public service expenditures  
• Number of faculty and staff engaged in service activities  
• Number of external partnerships | • National Peer group  
• Self over time  
• Self over time |
| **Input Measures** | • Amount of external awards for service activities  
• Number of service related grants held | • Self over time  
• Self over time |
| **Composite Measures** | • Public service expenditures per FTE student  
• Return on investment: graduates’ additional earnings related to having a degree | • National Peer group  
• Self over time |
## Strategic Assessment Plan

### Goal 4: Quality of Life in the University Community

<table>
<thead>
<tr>

Strategic Assessment Plan
Goal 5: Recognition & Visibility

<table>
<thead>
<tr>
<th>Area</th>
<th>Measure(s)</th>
<th>Comparison Group</th>
</tr>
</thead>
</table>
| Outcome Measures | • CIRP survey of reasons students attend Institution – good academic reputation  
                    • CIRP survey of reasons students attend institution – ranking in National Magazines  
                    • Ranking in National Magazines  
                    • Alumni and donor participation rates | • National peers  
                    • National peers  
                    • National peers  
                    • Self over time |
| Process Measures | • Number of products and events that highlight student and alumni achievements  
                    • Number of products and events that highlight faculty and staff achievements  
                    • Number of news releases | • Self over time  
                    • Self over time  
                    • Self over time |
| Resource Measures| • Value of endowment fund  
                    • Value of planned giving | • Self over time  
                    • Self over time |
| Input Measures   | • Alumni giving rate  
                    • Number of donors  
                    • Total dollars raised | • Other USC campuses  
                    • Self over time  
                    • Self over time |
| Composite Measures| • Family fund participation rate  
                    • Average scholarship by source | • USC System  
                    • National peers |

**Input measures** capture the relationship between the areas of “Students & Public Stakeholders” and “Finance”. These measures may be direct financial inputs to the institution (e.g., State appropriations, revenue from tuition and fees, or revenue from athletic ticket sales) or indirect indicators of financial inputs (e.g., number of students, number of people attending a concert).

**Resource measures** capture the relationship between the areas of ‘Finance” and “Employees & Organization Capacity”. These measures include not only budgetary expenditures, but also indicators of available personnel, equipment, and facilities.

**Process measures** capture the relationship between the areas of “Employees & Organizational Capacity” and “Programs, Policies & Procedures”. These are measures of “what” personnel are doing and “how” they are doing what they do.

**Outcome measures** capture the relationship between the areas of “Programs, Policies & Procedures” and ‘Students & Public Stakeholders’. Indicators may be direct measures (e.g., number of degrees awarded, number of alumni who find employment in their disciplines) or indirect measures of stakeholders’ perceptions (e.g., satisfaction measures).

**Composite measures** relate two or more measures to one another (e.g., Instructional expenditures per FTE student). Composite measures are particularly useful in conducting cost-benefit analyses.
